Dear Parents and Friends,

I was reminded how important it is to look after yourself last week—when I succumbed to one of the bugs travelling around at the moment. Remembering that it is important to look after ourselves as parents can mean different things to different people. *Your wellbeing is important—your children are happy when you are happy too.* If you are looking for ways to improve your wellbeing, in addition to regular exercise, good nutrition and sleep, you could look at taking time to relax and do fun things you enjoy as a family when you can. Whether that be looking for frogs in the creek with a picnic lunch, enjoying a family game or movie together, travelling to a new place or just working together on a special project. These types of things are the most important memories your children will recall with fondness when they grow up. Not memories of whether they have the latest computer games or toys, had the most money or the best and most popular clothing etc. What were your favourite experiences as a child? Perhaps you could plan to relive some of them with your children in a couple of weeks time when it is school holidays?

Sports Day— Friday 22nd September at Koolunga

Parent helpers are still needed for different groups— this is as simple as someone saying they'll check the group their child is in moves on to the next activity on their program. People who had lunch orders: the orders have been sent in already, there will still be some food available on the day for others who may wish to purchase some. You are all welcome to bring along your picnic baskets on the day though.

Kitchen Garden News— Food Forest Excursion next Tuesday

The bus will leave school at 8:30am to travel to the Food Forest in Gawler where we have organised a tour of the forest and a focus on organic food production. Children will need to wear their school uniform, sunsafe hat, comfortable walking shoes and bring their water bottle and recess and lunch packed in separate named disposable bags. We will put food in an esky until recess and lunch times. We expect to be back at school by home time and will confirm this by SMS when we are on our way home.

Would you please sign and return the attached consent form before end of day on Monday.

Booborowie Swimming Pool

CPR Refresher— more people needed for us to make up a group training. If we don't have enough people to organise a group training, individuals will need to arrange their own training. Please register with Fiona.

Client Satisfaction Surveys

We are sending home surveys to all families. Students and staff will also complete the survey. The survey may remain anonymous but you are more than welcome to organise a meeting with me if there is something you would like to discuss in more detail. When surveys are returned, staff will be able to look for areas we can improve and provide additional support when we plan school improvement goals for next year.
