Student Use of Mobile Phones & Personal Devices Policy

PURPOSE

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

MOBILE PHONE USE FOR PRIMARY SCHOOL STUDENTS

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- To ensure their safety while travelling.
- So that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

At Booborowie Primary School, because students are able to access the school phones in an emergency or if their parents wish to speak to them, we believe it is not necessary nor appropriate for students to bring mobile phones or personal devices to school.

STORAGE OF PERSONAL DEVICES

During the school day students are required to leave all mobile phones or personal devices in their school bags until they are dismissed at the end of the day.

IF THE STUDENT DOES NOT COMPLY

Outline:

- Misuse of personal devices may result in disciplinary action which includes but is not limited to confiscation of the mobile phone or personal device and time out or internal suspension with parents contacted.
- Confiscated devices will be securely stored in the principal's office and can be collected by the student or their parent at the end of the school day.

ROLES AND RESPONSIBILITIES

Students

If permitted to use a mobile phone or personal device in line with an exemption under this policy, do so in a safe, responsible and respectful way and support peers to do the same.

Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.

Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

Parents

Support the implementation of the school's policy, including the consequences for non-compliance with the policy.

Use the school's formal communication channels in all instances to communicate with the school (including where a student requires early collection from school). Encourage their child to always report to a school staff member in the first instance if they become unwell or experience an issue at school.

Recognise the important role they play in supporting their child to use their mobile phone (or other personal device) in a safe, responsible and respectful way.

COMMUNICATION AND REVIEW

Outline:

- Consultation has been undertaken with students and the broader school community to make local decisions regarding storage of students' devices and what actions will be taken if students do not comply with the policy, and how consultation will occur when it is time to review these local decisions and ensure community members are aware of the policy requirements.
- The school's policy can be accessed via our website and is provided to parents in the annual school handbook update.
- The policy will be reviewed at least every 2 years
